

YJ Planar Schottky Barrier Diode Die Specification

20V 1A, 30mil, Schottky barrier diode die based on silicon planar process

Part No.: PSB030L020SS-280A

Main Products Characteristics

- Average forward current: $I_F(AV) = 1\text{ A}$
- Maximum operating junction temperature: $T_j = 125\text{ }^{\circ}\text{C}$
